Description of the Organization

Academic Travel Abroad, Inc. is an educational travel and study abroad provider for many universities, cultural, and media organizations, as well as a growing number of commercial brands. We believe in celebrating and learning about the diversity of people and cultures through travel and education. Riding the post-war wave of interest in travel to Europe, ATA

launched operations in 1950 by assisting universities and institutions in the creation of group travel programs for their members.

Today, ATA's study abroad division, CET Academic Programs, serves both high school and college students through academically rigorous, credit-bearing programs in its centers around the world, including the US, China, Japan, Jordan, Italy, Czech Republic, Brazil, and Colombia. CET's history dates back to 1982, and today, CET, in addition to enrolling students directly, serves many private and public universities, large and small.

ATA's educational travel division is a leader in customized, branded, experiential travel and serves partners such as the Smithsonian Institution, The History Channel, Yale Alumni Academy, and many others. In this capacity, ATA is frequently the "brand behind the brand." ATA also facilitates professional delegation travel in the fields of health, education, and law.

Tying together all brands and services are ATA's focus on innovative program design; collaborative approach to partnership; steadfast insistence on quality; diversity, equity, and inclusion; and a commitment to environmental sustainability. Every ATA program is designed to change perspectives, deepen understanding, and engage communities, showcasing the stories—both told and untold--of the places and people we visit.
